

Curalan® EG Fungicide

 **BASF**
The Chemical Company

A Better Solution For Bigger Savings

Curalan® EG fungicide offers economical, effective dollar spot control in cool- and warm-season turfgrasses. Its strong, preventative protection and long residual results in significant cost savings when compared to many other fungicides. When used as directed, **Curalan:**

- Controls dollar spot.
- Provides control of eight other diseases including brown patch, leaf spot, red thread and melting out.
- Is safe to use on all cool- and warm-season grasses at any stage of growth.
- Lowers labor and materials costs through effective control and long residual.
- Offers a low cost per 1,000 square feet.
- Acts as an excellent tank-mix partner with strobilurins (such as **Insignia® fungicide**), thiophanate methyl and chlorothalonil.

Diseases Controlled

Curalan dependably prevents key turf diseases including:

- Brown Patch
- Dollar Spot
- Pink Patch
- Red Thread
- Leaf Spot
- Melting Out
- Gray Snow Mold
- Fusarium Patch
- Pink Snow Mold

(See label for additional insects controlled.)

Use Sites:

- Golf courses to include tees, greens and fairways.

This product is not registered for residential, nursery or greenhouse uses.

Formulation: 50% EG (Extruded Granule)

Packaging: 11 oz. WSP

Active Ingredient: Vinclozolin

Chemical Family: Dicarboximide

Mode of Action: Affects cell division, DNA and RNA synthesis and metabolism.

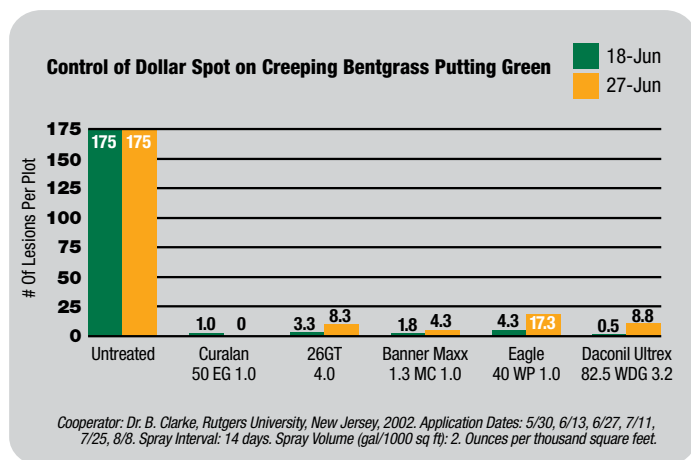

Behavior in the Plant: Contact and local systemic activity.

Rates: 1 oz. / 1,000 sq. ft.

Control Symptoms: Inhibits spore germination and prevents any further growth of the germ tube.

Curalan®
Fungicide **EG**

Curalan Gets Results

Keys to Success

Apply in 1 to 4 gallons of water per 1,000 sq. ft. after mowing and allow foliage to dry before irrigation. Should be applied preventatively to protect susceptible plant tissues from infection. Thorough coverage of all foliage is important, therefore apply enough spray volume and pressure to achieve desired disease control.

Suggested Tank Mixes

Insignia® fungicide. Consult all label directions for use instructions.

Always read and follow label directions.
