# Solutions for residential and commercial lawn care

Healthy, beautiful, and stress-resistant lawns start with the BASF portfolio of lawn care solutions that include some of the leading turf herbicides and fungicides in the industry.

Whether you need to stop crabgrass and goosegrass before they start or knock down thistle fast, BASF has the broad-spectrum, pre and postemergent herbicides to control these threats and prevent them from ruining your turf's natural beauty.

If you're looking for strong and resilient turf and want to control dollar spot, leaf spot, patch diseases, and more, go with the wide-array of broad-spectrum disease management solutions only the BASF top-performing fungicides can provide.

Trust the expansive portfolio of BASF herbicide and fungicide chemistries to manage the turf health and appearance of both residential and commercial lawns.

# Solutions for residential and commercial lawn care

---

## Basagran® T&O

Herbicide

Postemergent control of yellow and annual nutsedge and several troublesome broadleaves. These include Canada and musk thistle, ragweed, wild mustard, dayflower and several others.

**Packaging:** 2 x 1 gal

---

## Drive® XLR8

Herbicide

Postemergent control of numerous grassy weeds along with several broadleaves. Controls barnyardgrass, foxtail, crabgrass, broadleaf signalgrass, field bindweed and clover.

**Packaging:** 4 x 0.5 gal

---

## Finale® XL T&O

Herbicide

Non-selective control of many annual and perennial grasses and broadleaves. It is ideal to use anywhere you desire total weed control. Can be used in combination with Pendulum AquaCap herbicide or Tower herbicide for pre and postemergent weed control.

**Packaging:** 2 x 2.5 gal

---

## FreeHand® 1.75G

Herbicide

Excellent granular choice for the preemergent control of many grassy, broadleaf and sedge species in warm-season turfgrass. Can provide several months of residual control.

**Packaging:** 1 x 50 lbs

---

## Pendulum® AquaCap

Herbicide

Preemergent control of grassy and broadleaf weeds. Applied in the spring of the year prior to weed germination, it controls crabgrass, goosegrass, foxtail, barnyardgrass, fall panicum and many other grassy weeds. Also controls numerous broadleaves such as chickweed, henbit, knotweed, spurge and others.

**Packaging:** 2 x 2.5 gal, 1 x 15 gal

---

## Pylex®

Herbicide

Postemergent control of many annual and perennial grasses in addition to numerous broadleaf weeds. Can eliminate large unsightly weeds that overtake turf. Excellent on goosegrass and crabgrass, and also effective on foxtail, barnyardgrass, Bermudagrass, Japanese stiltgrass, morninglory, oxalis and thistle.

**Packaging:** 4 x 4 fl oz

---

## Segment® II

Herbicide

Postemergent control of grassy weeds in centipedegrass and fine fescue.

**Packaging:** 2 x 2.5 gal

---

---

## Tower®

Herbicide

This shoot-inhibiting preemergent on warm- and cool-season turf is highly effective for the control of yellow nutsedge and annual sedges along with numerous grassy and broadleaf weeds to include goosegrass, crabgrass, field sandbur and spurge.

**Packaging:** 2 x 2.5 gal

---

## Alucion™ 35 WG

Insecticide

Fast-acting curative control on surface-feeding pests, plus a repellent barrier of protection against ants. Treats billbugs, chinch bugs, armyworms, cutworms, and sod webworms.

**Packaging:** 10 x 2.375 lbs

---

## Insignia® SC

Intrinsic® Brand Fungicide

Broad-spectrum control of over 25 turfgrass diseases with the added benefit of improved plant health including stress tolerance.

**Packaging:** 2 x 2.5 gal, 4 x 30.5 fl oz, 4 x 122 fl oz

---

## Pillar® G

Intrinsic® Brand Fungicide

Combines the power of Insignia SC Intrinsic brand fungicide and triticonazole in a granular formulation for easy application. Broad-spectrum disease control while providing plant health benefits.

**Packaging:** 1 x 15 lbs, 1 x 30 lbs

---

## Pillar® SC

Intrinsic® Brand Fungicide

Fast-acting and powerful broad-spectrum fungicide controls 26 diseases with a one-rate label. The easy-to-spray liquid formulation delivers excellent disease control for up to 28 days on critical diseases like brown patch, dollar spot, leaf spots and large patch.

**Packaging:** 4 x 43.5 fl oz

---

## Xzemplar®

Fungicide

The leading fungicide for the preventive and curative control of dollar spot with up to 28 days of residual. Also, controls other key turfgrass diseases.

**Packaging:** 2 x 114 fl oz, 4 x 11.4 fl oz

---
